Revision No.: **0**

Issued to Distributor: RAVAK a.s.
Obecnická 285
261 01 Příbram I
Czech Republic

Company ID No.: 25612492

Construction product: Thermostatic shower column, Termo series

Type designation: TE 095.xx

Versions: see Page 2

Manufacturer: HUBER CISAL INDUSTRIE S.P.A.,
Via Brughiere 50 San Maurizio d' Opaglio
(NO) 280 17
ITALY

The Engineering Test Institute, Public Enterprise (SZU), Authorized Body 202 (AB) confirms that it has reviewed the background materials submitted by the Distributor, carried out initial product type test on samples, assessed the method of product inspection applied by the Distributor and has ascertained that the product specified above complies with the requirements related to essential requirements of the abovementioned Government Regulation laid down by the specified standard ČSN EN 1111:2018, Ministry of Health Decree 409/2005 Coll. and technical regulations and that the method of product inspection is consistent with the relevant technical documentation and ensures that the products placed on the market comply with the requirements laid down by the abovementioned specified standard and technical regulations and that they are consistent with the technical documentation pursuant to Section (4) (3) of the said Government Regulation.

An integral part of this Certificate is Final Report 30-18134/MZ of 2025-12-12, which contains the conclusions drawn from the ascertainment, verifications, test results and essential description of the certified product, necessary for its identification.

This Certificate was first issued on 2025-12-12 and will remain valid as long as the requirements that are laid down by the specified standard and technical regulations, to which the reference is made, or the method of product inspection applied by the Distributor remain substantially unchanged, unless this Certificate is amended or cancelled by the AB.

At least once every 12 months, the Authorized Body carries out surveillance of proper functioning of product inspection at the Distributor's premises pursuant to provisions of Section 5 (5) of the abovementioned Government Regulation, takes samples of the products and tests these, and assesses whether the characteristics of the products comply with the specified standard and technical regulations. The AB will issue a report on evaluation of the surveillance and pass it to the Distributor.

Valid from: 2025-12-12
